**When Coal Was Sent From
American Ports for Use
of the German Fleet in
the Early Stages of the
War—Case Will Go to the
Jury Late Today It is Ex-
pected.**

[ASSOCIATED PRESS TELEGRAM]
New York, Dec. 2.—The case of
the four officials of the Hamburg-
American Line, on trial for conspir-
acy to deceive and defraud the United
States government was given to the
jury at 2:40 p. m. today.

[ASSOCIATED PRESS TELEGRAM]
New York, Dec. 2.—Counsel for
the four indicted officials of the
Hamburg-American line whose case
goes late today to the jury, went
back in his summing up to the days
of Dewey at Manila, for what he
termed a parallel and a vindication
of the acts of his clients in sending
coal and supplies from American
ports to the German fleet in the
South Atlantic in the early days of
the European war.

"Was this wrong?" asked William
Rand Jr., chief of the defendants'
counsel, who summed up the case.
"Was this conspiracy to deceive and
defraud the United States? Let us
see. Let's go back a few years to
the time when Dewey sank the Span-
ish fleet and blockaded the port of
Manila from May to August, 1898."

"Dewey's ships needed coal, and
supplies during the blockade. How
did they get them? Why, it is no
secret. An American firm at the
British port of Hong Kong—Jack-
son and Evans, I think it was—
loaded the coal and supplies and
provisions on British steamers and
cleared those steamers for the Chi-
nese port of Macao. And for Macao
these ships sailed out of Hong Kong.
Their manifests made no mention of
supplies. The manifests said these
steamers were loaded with scrap-
iron."

"What happened? This so-called
scrap-iron—these supplies of food
and coal—were transferred to Dewey's
ships at sea. The carrier
vessels then went on to Macao, re-
ally loaded with scrap-iron, but it was
scrap-iron loaded from the ruins of
Cavite battered down by Dewey's
gun."

"Has anybody ever been sent to
jail for this? The first man has yet
to say in sailing out of Hong Kong
with supplies for American warships
the steamers, the owners, agents or
the shippers committed an offense
against Her Majesty, the Queen of
England."

"What is the difference between
that and this? What was a crime,
in August, 1914, must have been a
crime in August, 1898. These laws
atone early in the season were so
a crime then; it is not a crime now;
it is simply a question of whose ox
is gored."

Roger B. Wood, conducting the
prosecution, objected to this argu-
ment, but was overruled by Judge
Howe. Mr. Wood contended that the
situation at Manila in 1898 had nothing
to do with the present situation
before the court.

Germany Claims to Fear Peace Overtures Would Be Misunderstood by Enemies

[ASSOCIATED PRESS TELEGRAM]

Berlin, Dec. 2.—By wireless to
Sayville.—"Yesterday as usual,"
says the Overseas News Agency, "at
the opening of the Reichstag, large
crowds gathered around the build-
ing and the neighboring streets.
Among the throng were some who
made demonstrations in favor of a
settlement of the problem of govern-
ment regulation of prices and the
distribution of food."

"Germany's enemies no doubt will
again spread all over the world ridi-
culous reports about Berlin street
riots and make insinuations which
in no way correspond with the
truth."

Commenting on the proposed So-
cialist interpellation in the Reichs-
tag concerning the conditions upon
which Germany would make peace,
the Overseas News agency says:

"This interpellation is due to the
fact that in Germany nobody under-
stands why our enemies, after diplo-
matic defeats, in the Balkans cou-

pled with military failures, have not
yet begun peace negotiations. The
imperial chancellor, Dr. Von Beth-
mann-Hollweg, probably will discuss
these possibilities in the Reichstag
during one of the next few days. En-
suing debates will likely show that
the rulers of countries at war with
Germany, still blinded by belief in
Germany's starvation, her economic
prostration and in similar illusions.
Therefore any peace conditions put
forward by Germany though dictated
by her successes along all fronts,
would be interpreted by the nations
opposed to her as signs of weakness
and weariness of war."

Vienna newspapers says the Over-
seas News agency, commenting on
the German emperor's visit to that
city, state that there was "no special
motive behind the meeting of the
two monarchs." Friend met friend
with simple cordiality in striking
contrast to the theatrical description
of the meeting as made by our
enemies.

IMPROVING

**CONDITIONS OF BUSINESS RE-
PORTED THROUGHOUT THE
UNITED STATES**

**Information Received from Agents
in Federal Reserve Districts is
to This Effect.**

[ASSOCIATED PRESS TELEGRAM]
Washington, Dec. 2.—Reports of
business conditions throughout the
country for federal reserve agents
here, are in the main, favorable and
show improvement from November,
according to information from these
sources published today by the re-
serve board.

A tremendous demand for steel
products and unprecedented activity
in the steel and allied businesses
continue through the Cleveland dis-
trict with prices the highest since
1908. Output from automobile and
rubber manufacturers is at capacity
and there is a scarcity of labor.

Activity and improvement in trade
and industry continued during the
month, New York reports. Retail
and department stores have found
business very much better with an
increasing demand for higher grade
goods. Steel orders are reported as
very heavy notwithstanding steadily
advancing prices.

Business development in the Chi-
cago district is reported as favor-
able and confirms former reports of
general recovery with accumulated or-
ders for future delivery in steel
equipment cars and heavy structural
forms exceeding all previous expe-
rience. Confidence in the future is
held to be indicated by the large ex-
pectations being undertaken to en-
large output.

COAL SHIPMENTS UP GREAT LAKES CLOSE THIS WEEK

[ASSOCIATED PRESS TELEGRAM]

Pittsburgh, Dec. 2.—With the end
of this week coal shipments from the
Pittsburgh and West Virginia fields
up the great lakes will close with
the principal operating companies
not altogether satisfied, busy as the
past few months have been. Oper-
ation have not changed. No—it was not
a crime then; it is not a crime now;
it is simply a question of whose ox
is gored."

Roger B. Wood, conducting the
prosecution, objected to this argu-
ment, but was overruled by Judge
Howe. Mr. Wood contended that the
situation at Manila in 1898 had nothing
to do with the present situation
before the court.

Carranza Troops Pass Over United States Territory to the Relief of Agua Prieta

[ASSOCIATED PRESS TELEGRAM]

Douglas, Ariz., Dec. 2.—Prospect
of another attack on Agua Prieta,
with consequent menace to this city
just across the border, concern over
the safety of Americans in territory
where Villa's scattered forces are
camping, and the possibility of a re-
organization of the Villa government
and the election of a new president
by the sovereign convention to be
held near Juarez, are the chief
points of interest today in the series
of quick moving events in Mexico.

General Alvaro Obregon, the Car-
ranza chieftain is at Agua Prieta,
today.
Conditions today are greatly
changed. Until five thousand troops,
being transported, with the permis-
sion of Washington, over American
territory arrive, the Agua Prieta gar-
rison is conceded to be wholly inad-
equate to cope with General Jose Ro-
driguez's superior forces, reported to
be advancing rapidly against the bor-
der town.

Major General Frederick Funston
is here with his staff studying the

situation and preparing for emergen-
cies.
News is anxiously awaited from
John Cunningham, an Oklahoma at-
torney and Gus Hendrickson, H. G.
Southard and Rafael Varela, mine
owners all of whom are reported to
have fallen into the hands of Rodri-
guez's troops.

Call for the meeting of the Sover-
eign Convention of the Villa govern-
ment was sent out by Lazos Char-
zarro, president of the convention
held at Aguascalientes a year ago,
and which is said to have resulted in
the Carranza-Villa rupture, accord-
ing to Colonel Hipolito Villa, brother
of the commander, representatives
of General Emilio Zapata will at-
tend, all Villa and Zapata leaders
having been requested to send as dele-
gates a representative of each unit
of 1,000 troops.

According to reports received at
Nogales, the entire command of 1400
men of General Urbalejo, Villa's
Yaqui chief, has surrendered to Car-
ranza forces at Corbo. Urbalejo
himself is said to have escaped.

ROY COLE

**TODAY RECOMMENDED FOR PAR-
DON BY ACTION OF THE
STATE BOARD.**

**Young Licking County Prisoner Was
Serving Ten Years for Shoot-
ing to Kill.**

[ASSOCIATED PRESS TELEGRAM]
Columbus, O., Dec. 2.—Additional
pardons were recommended to Gov-
ernor Willis by the state pardon
board. Those recommended for par-
dons are: Joseph Burger, Clinton,
serving an indeterminate sentence
for arson; Sylvester Curtis, Guern-
sey, serving a sentence of from one
to fifteen years for cutting to wound,
pardon to be effective May 1, 1916;
Roy Cole, Licking county, ten years
for shooting to kill; Lee Ayers, one
to twenty years; Guy Dicken, Seneca,
embezzlement; William Stumpf,
Williams, arson, and Ora Thompson,
Lawrence, assault.

These commutations were recom-
mended: Russell Cottongame, Bul-
ler, first degree murder, from life to
ten years; Lester Barlow, Greene,
robbery, from indeterminate to one
year; Frank Blanchard, Allen, non-
support, from one to three years to
one year; Colegera Beaslie, Cuya-
hoga, second degree murder, from
life to ten years; Frank Brady, serv-
ing life for second degree murder.

Cole was serving a sentence of
ten years on a charge of shooting
with intent to kill. It was charged
that he fired several shots at Frank
Brown, then a police officer, now
deputy sheriff.

He was arrested in December,
1908, indicted in January, 1909, the
case was fought in the courts until
May 13, 1912, when it went to trial.
He was found guilty and a month
later was sentenced to ten years in
the penitentiary. The case was ap-
pealed, the sentence affirmed and on
October 7, 1913, he was taken to the
penitentiary, nearly five years after
the shooting.

The shooting was a result of an
attempt on the part of Brown and
other officers to arrest Cole. They
went to his home and found he had
taken refuge in the basement. Brown
descended the stairs to arrest the
man when Cole fired several shots at
him.

MURDERER TO BE EXECUTED GETS RESPITE

[ASSOCIATED PRESS TELEGRAM]

Columbus, Dec. 2.—The state
board of pardons today heard the
argument for the defense in the case
of Peter Skribner, condemned pris-
oner at the penitentiary awaiting
death for the murder of Kaiser Bar-
tecki, Toledo policeman. Roy Stuart
attorney who defended Skribner at
the trial in Lucas county courts, ap-
peared for him before the board.
Skribner was originally sentenced to
die September 21, and was given a
stay of execution until December 3,
by the Lucas county court of ap-
peals. Governor Willis then gave
him a stay until the case can be re-
viewed.

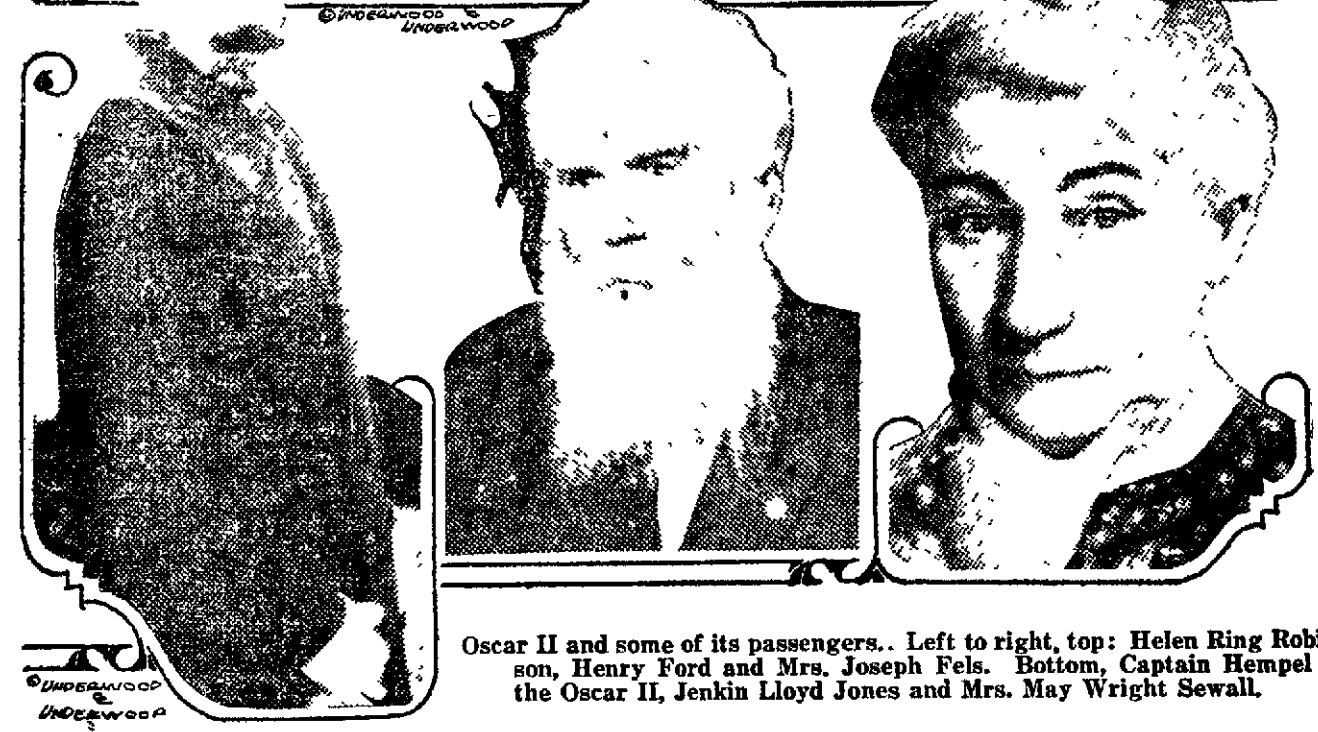

The pardon board announced this
afternoon that it would give a de-
cision on January 12 in the applica-
tion for a recommendation for mer-
cy for Skribner. This will stay the
execution until after that date.

MILLIONAIRE, 75, MARRIED TODAY TO SECRETARY, 44

[ASSOCIATED PRESS TELEGRAM]

Akron, O., Dec. 2.—Ohio C. Bar-
ber, millionaire match manufacturer,
aged 75, was married at 1 o'clock to-
day to Miss Mary F. Orr, 44, for 12
years his private secretary. They
left after the ceremony for Old Point
Comfort, and Washington, D. C.
The bride is a sister to Mr. James
Orr, prominent merchant of Cincin-
nati, and sister-in-law to Mr. George
Daum, general superintendent of the
Pennsylvania Rubber company of
Jeanette, Pa.

Every governor in the country turned down Henry Ford's invitation to go to Europe and stop the war. Many women engaged in uplift work, however, have signified their willingness to go. One of the men who accepted Ford's invitation was Rev. Jenkin Lloyd Jones, the Chicago social worker.

Government Will Give No Passports to Members of Ford's Peace Party to Any of the Belligerent Nations

[ASSOCIATED PRESS TELEGRAM]

Washington, Dec. 2.—Secretary
Lansing announced today that mem-
bers of the peace party planning to
sail on the ship chartered by Henry
Ford, will not be given passports to
belligerent countries but only to
neutral states in Europe.

Secretary Lansing made it plain
that passports were given to Ameri-
can citizens for belligerent countries
only when business made it abso-
lutely necessary to visit there, or
when they were invited by some
governmental agency in those coun-
tries. Mr. Lansing explained that no
distinction was being drawn between
members of the peace party and other
American citizens and that the
general rule of the department of
state was being applied.

The ruling, however, was general-
ly interpreted as meaning that the
United States does not regard unof-
ficial missions in efforts to make
peace by private persons as business
of an urgent character.

Very few applications have been
made for passports to visit belliger-
ent countries, the plan of the peace
party being to assemble a convention
in one of the neutral countries and
put into operation their plans, using
a neutral capital as a base.

Officials of the passport bureau
have not held up any passports for
persons of American birth, but it
was admitted today there have been
difficulties with reference to
naturalized persons and the com-
pliance with state department tech-

RAILROAD LOSES MONEY CARRYING ITS PASSENGERS

[ASSOCIATED PRESS TELEGRAM]

Charleston, W. Va., Dec. 2.—In
support of its petition to the public
service commission that it be per-
mitted to charge a straight three-cent
passenger fare in West Virginia, the
Western Maryland railroad continue
today to present evidence on the
cost of transportation. Books and
documents accepted by the commis-
sioners as evidence revealed that for
every dollar taken in for passenger
fares, the company was compelled to
spend \$1.05 in carrying out its obli-
gation to the passenger.

SON BORN TO JAPAN'S RULER

Tokyo, Dec. 2.—Empress Sadako of
Japan gave birth to a boy at 7:30
o'clock this evening.
This is the fourth son born to the
emperor and empress of Japan. The
other children are Hirohito, Michiko,
and the crown prince born in 1901;
Yasuhito Atsunomiya, born in 1902, and
Nobuhito Terunomiya born in 1905.

HENRY FORD MAKES FIRST ANNOUNCEMENT OF HIS PLANS FOR TRIP.

[ASSOCIATED PRESS TELEGRAM]

New York, Dec. 2.—Henry Ford
returned to New York from Detroit,
today, and made his first announce-
ment of definite plans for his peace
expedition which will sail for Eu-
rope Saturday on the Scandinavian
American liner Oscar II.

Mr. Ford denied that he had any
intention of instigating a strike
among the soldiers in the trenches.
He said that during the voyage mem-
bers of his party would be selected
as permanent peace delegates to re-
main in Europe. He expects other
neutral nations to send delegates to
meet the American peace seekers at
some place to be decided upon later,
probably The Hague. A general con-
ference will then be held to decide
on further steps.

Mr. Ford proposes that the dele-

ORDER VARNER TO PAY GIRL SUM OF \$600

In the case of State of Ohio on
complaint of Laura Bishop vs. Joseph
Varner, heretofore found guilty
of being the father of complainant's
child, the court ordered the defend-
ant is to pay to complainant the sum
of \$600.00. The order was suspended
for ten days to enable the defend-
ant to make the payment.

In the case of Albert B. Clapham
vs. the County Commissioners and
Gregg and Fletcher, contractors, the
argument of counsel were made to
the jury late Thursday afternoon
and the court instructed the jury as
to the law.

The suit is brought to recover
\$1367.25 for expenses and loss of
services incurred growing out of an
injury to plaintiff's minor son when
he struck a wire across the Gran-
ville road in 1913. His son was
riding on a motorcycle at the time.

tion from each neutral country ap-
point five members of the perma-
nent body. This volunteer court of
arbitration will map out schemes for
the establishment of peace in the
hope of devising terms acceptable to
all the belligerents.

Louis P. Lochner, secretary to the
expedition, said the idea of "getting
the boys out of the trenches by
Christmas" had been given up. "The
whole thing is trying the impossi-
ble," he said, "but we are trying just
the same."

Ritter Paid for Affidavit that Gun Cotton Was Aboard Lusitania, When Torpedoed

[ASSOCIATED PRESS TELEGRAM]

Cleveland, December 2.—Charles
De Woody, a special investigator
employed by the federal government
announced today that he was sending
to Washington details of a statement
which he said was given to him last
night by Dr. E. W. Ritter who is
under arrest here, in which Ritter
is alleged to have told of receiving
money from Ernest Ludwig, Austrian
consul at Cleveland, for affidavits
charging that the liner Lusitania car-
ried gun cotton when sunk.

De Woody said his report would
be sent to the department of justice.
Dr. Ritter was arrested on a
charge of passing a worthless check
for fifty dollars. He is being held un-
til statements he has made as to his
connection with munitions plots can
be investigated.

After De Woody announced Rit-
ter's statement, Judge Charles S.
Reed, attorney for Ludwig, gave out
a statement in which he said that
Ludwig paid \$400 to Ritter for the
Lusitania affidavit. Reed said the
money was paid in his office. Reed
said:

"Ritter's affidavit charged that
600 tons of gun-cotton were taken on
board the Lusitania after it cleared
New York on the trip on which it
was torpedoed. Ritter said further
that the gun-cotton was bound in
gunny sacks and that he had seen the
bill of lading under which it had
been shipped, which designated the
goods as furs. He also said he knew
a man who worked for the Du Pont
powder company at the time, and
that he could produce this man who
would tell of the sale of the gun-
cotton and its being placed on board
the Lusitania. He said this man

lived at Fremont, Ohio, and that he
had talked with him and the man
was ready to tell what he knew. I
did not know what to think of the
story, but Mr. Ludwig believed it
and reported it to Baron Zwiendenik,
the Austrian charge at Washington,
and the baron came to Cleveland
and met Ritter in my office in the
presence of Mr. Ludwig and myself.
This was last June. During the
Baron's visit here we had Ritter
make an affidavit of all he had said
and he was paid \$400 by Mr. Lud-
wig. I sent Attorney Herman J.
Nord to Fremont to investigate the
story but Nord found no such man
ever worked at the place where Rit-
ter said he was employed."

Reed told of many other visits
Ritter made to his office and of fre-
quently giving him money. He told
how Ritter interested Ludwig in his
experiments for making gasoline
from natural gas and in the manu-
facture of invisible ink. He said
Ludwig gave Ritter money several
times.

Ritter in his statement to De
Woody, the latter says, told of trip
he made to New York and Wash-
ington, where he talked with Consul
representatives of several European
nations.

County officials today claimed that
Ritter's claimed invention of "liquid
fire" is nothing but a solution of
phosphorus.

The Austro-Hungarian consulate
here issued a statement in the
Ritter case at noon today, admitting
that Ritter had been supplied with
funds during investigation of
inventions and that he prepared an
affidavit charging gun-cotton was
board the Lusitania, but that
the affidavit was untrue.

[ASSOCIATED PRESS TELEGRAM]

London, Dec. 2.—Military events
in the Balkans are apparently in a
transitory stage which may preface
another German offensive, but
whether this will be made against
the Franco-British troops which hold
all that remains of Serbia or against
the Russians should they launch an
attack against Bulgaria from the
east, the present situation gives no
indication. A Saloniki dispatch re-
porting withdrawal of Field Marshal
von Mackensen's forces from the
Serbian front to Bulgaria is inter-
preted in some quarters as confirma-
tion of the second alternative.

With Pristina in Bulgarian hands,
both the Austro-Germans and the
Bulgarians have formally announced
the completion of their Serbian
campaign. Vienna officially esti-
mates the capture of more than 60,
000 Serbians by General von Koeves'
army during the month of Novem-
ber alone. Moreover, it seems cer-
tain that the Serbians in their re-
treat over Albanian mountain
passes, encumbered by civilian re-
fugees and made more difficult by
wintry weather, were forced to leave
behind them a large part of their
equipment including most of their
heavy artillery, motor cars and other
transport.

The Germans are now engaging
the Montenegrins on the Montene-
grin frontier and at heavy cost have
penetrated some distance beyond the
border. Yet, this struggle is not
comparable to the serious and san-
guinary fighting which marked the
Serbian campaign last month and
which has now almost ceased.

Notwithstanding the entente ne-
gotiations at Athens, the Greek situ-
ation today remains much as it was
a month ago. It is clear that
Greece has determined not to de-
mobilize or withdraw her army from
Saloniki. Though a deadlock seems
to have been reached, negotiations
are still under way.

No change of significance was re-
ported on either the western or the
eastern front during the last 24
hours.

TRY THIS MAN'S ADVICE

TRY THE GREAT KIDNEY REMEDY

It always gives me pleasure to recommend anything that is right and so I feel it my duty to herald the praise of Dr. Kilmer's Swamp-Root.

For years I was troubled with kidney disease and it was so intense that I was bedridden for days at a time. I gave up all hope and doctors for miles around gave me no help. Incidentally I tried several patent remedies and at last tried Swamp-Root. From the first it gave me relief and it was no time before I was able to be up and around and now I am perfectly well and able to work as I used to before my terrible sickness.

So now let me thank you for your wonderful discovery and take this opportunity to recommend it to all who suffer from kidney troubles.

Yours very truly,

WALTER SHIVER.

Prove What Swamp-Root Will Do
For You.

Send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample size bottle. It will convince anyone. You will also receive a booklet of valuable information, telling about the kidneys and bladder. When writing be sure and mention The Newark Daily Advocate. Regular fifty-cent and one-dollar size bottles for sale at all drug stores.

Among Exclusive Gifts

None could be more absolutely exclusive than a genuine antique. Several unusually good pieces are in the shop at present. Among them some hand-wrought silver crucifixes of the 17th century, several oriental rugs, a quaint old mahogany sideboard, a card table with top that tips, three clocks, some Chinese embroideries, a pair of mirror knobs, a pair of brass andirons, a corner cupboard, two rush-bottomed chairs, a mirror frame and a copper teakettle in the lovely color that old copper acquires.

People are continuing to marvel at the clarity and richness of tone of the

One man listened to the record of a song by Evan Williams and said: "Would you mind playing that again? It's the first time I ever understood the words." Pathephones are no higher in price and are practically indestructible, both as to records and their exclusive SAPPHIRE BALLS.

SAVINGS

OF FOUR THOUSAND PEOPLE WILL BE DISTRIBUTED BY "OLD HOME"

Amounting to \$115,000 Which Will Mean Much to Merchants and Others in Newark.

Newark will receive a Christmas gift of approximately \$115,000.00 on December 15, when the Home Building Association will mail to 4,334 members of their Christmas Money Club checks for that amount. The distribution of this sum of money in Newark, will mean much in a business way, but it plays a still more important and philanthropic part in the community.

The Christmas Money Club has never been a source of direct profit to an institution, but it has an economic value that cannot be overestimated. It teaches the public the value of conserving small savings, and the small amounts that drift away are saved, and as is shown by the \$115,000 to be distributed, the insignificant sums ranging from 2 cents to \$2.50 a week are well worth while. Last year, financial conditions were bad, and the little sum of Christmas money which went to many, meant more to them than merely Christmas cheer, in several cases it established for needy and worthy families a credit for necessities. To the bank the club means enlarged force, to care for the multitudinous deposits each week, and the supplies with which the club is conducted are an added expense, but indirectly, it is profitable because it teaches many to save money, who could not be interested otherwise.

On December 15 the Home Building Association will mail the checks which are inclusive of money deposited and interest. The last payment can be made on December 6, after this there will be no money received until the opening of the 1916 club, December 20th. Prior to the last week, the time of the payment has been extended through the week, but in order to get the checks out, on time, all money must be in December.

The wonderful growth of the club is shown in the membership. In 1914 there were 1400 depositors. In 1915 the membership numbered 4,334. The amount distributed last year was \$20,200. A feature worth noting in connection with the club is that the club has maintained 75 per cent. of its possibilities, or that of the number who started the payments 75 per cent. made every payment required.

To the merchant the club has been most favorable, for it gives an impetus to the Christmas buying, and during the cold month brings comfort to many.

On December 20 the 1916 club will be started and will be conducted as last year with the added saving plan of 25 cents a week. The club now has a 2 cent ascending and descending deposit, a 5 cent ascending deposit, a 10 cent a week plan and a \$1.00 a week plan and the added new feature of the 25 cent deposit.

TWO NEW UNITS FOR INFILTRATION SYSTEM INSTALLED

Bad weather this week has delayed the work of installing the two new units in the infiltration system of the waterworks department but the force of workmen were able to work a short time Wednesday and it was thought that the work of installation would be completed today. These will add considerable to the city's supply of filtered water.

The task of installing the caissons is far from pleasant, the workmen often being compelled to stand knee deep in water while at work at the bottom of the excavation where the unit is installed.

Hair Tinting All the Rage

The Absolute and Utter Harmlessness of "Brown-tone" Has Made Hair Tinting Safe and Easy.

You need not tolerate gray, streaked or faded hair another day. It takes but a few moments to apply "Brown-tone" to your hair. Your comb, brush and just a little "touching" are all that is required. One month should keep your hair in the beautiful shade you most desire.

Results are the same—always pleasing. Will not rub or fade off and guaranteed to contain none of the dangerous chemicals often found in "dyes."

Prepared in two shades. One to produce golden or medium brown, the other, dark brown or black. Sample and booklet sent on receipt of 10c. "Brown-tone" is sold by leading drug stores, in two sizes—25c and 50c. Order direct from The Kanton Pharmaceutical Co., 607 Pine St., Corvallis, Ky. If your druggist will not supply you, you will save yourself much annoyance by refusing to accept a substitute. No samples at dealers.

Insist on "Brown-tone" at your hairdresser's.

Sold and guaranteed in Newark by R. F. Collins, Evans Drug Store and other leading dealers.

"We'll Hurry Back," Were Last Words of Avery to Children; Bodies Shipped to Wheeling

H. B. Avery, one of the victims of the double tragedy at Granville Tuesday night when he and his wife both were killed in a crossing accident, left his three children with expressions of regret that they must be left alone even a few hours, according to Gladys Avery 11 years old, a daughter, who was in the city today in company with sisters of the dead woman, enroute to Wheeling.

"Just before papa left home Tuesday," said the little girl, "he came to us at the house and said that mama was in Newark and he must go after her in the automobile. He took a heavy wrap for her and when he left, he told us to be good children and that he and mama would get home as soon as possible."

Mrs. Avery had planned to go to Pataskala on the B. & O. train but learned upon her arrival here that the train did not stop at Pataskala,

where she expected Mr. Avery would meet her.

The three children Gladys 11, Carter 7, and Loma 4, left shortly after noon today for Wheeling. They were accompanied by Mrs. Lou Yates of Pittsburgh and Mrs. Nettie Bohn who lives in North Dakota.

The two sisters left Wheeling last Tuesday only a short time after the departure of Mrs. Avery for Newark, all three having attended the funeral of their father, Moss Carroll who was buried in Wheeling Tuesday. They had been in Pittsburgh but five hours when they received the message announcing the death of their sister and her husband.

The two bodies resting in caskets of pearl gray brocade velvet exactly alike, were shipped on the same train which carried as passengers the three children, Mrs. Bohn and Mrs. Yates. Carl J. Kepner, a Wheeling funeral director came here to take charge of the bodies.

LODGE OF SORROW AT AUDITORIUM

Judge S. M. Nichols to Deliver Address—Columbus Quartette to Sing—Eulogy by Frank A. Bolton.

The Elks annual memorial service will be held at the auditorium next Sunday afternoon at 2:30 o'clock. The public is cordially invited to participate in this most beautiful custom in memory of the honored dead and which will be observed at the same time over the entire United States and its possessions.

The memorial address will be delivered by Judge S. M. Nichols of Coshocton and the eulogy by Attorney Frank A. Bolton of this city. One of the best known quartettes in Columbus will furnish the music it being composed of Miss Carrie Porter, soprano, Mrs. Maude Wentz MacDonald, contralto, Mrs. E. A. McGreevy, tenor and W. H. Kutschback, bass.

The opening service will be conducted by Exalted Ruler James R. Cooper and he will be followed by the quartette rendering "Rock of Ages." The opening ode will be sung by the lodge members and the invocation delivered by Dr. L. C. Sparks, pastor of the First Methodist Episcopal church. Miss Porter and Mrs. MacDonald will sing a duet, "My Faith Looks Up to Thee," after which Mr. Bolton will deliver the eulogy and will be followed with "Spirit Immortal," by Verdi, sung by Mr. Kutschback and the quartette.

Judge Nichols will deliver the memorial address and will be followed in turn by the quartette, who will render "In That Beautiful Home." The closing services will be conducted by the lodge, the doxology sung by the lodge and audience after which Dr. Sparks will pronounce the benediction.

The memorial committee is composed of W. D. Fulton, W. W. Gard and Maudel Brashear. The ushers for the memorial service will be Paul Collins, Albert Gleichauf, O. A. Griffith, W. M. Brown, Frank Ewald, Ray Wintermute, David Thompson, Homer Glancy and C. F. Ferguson.

The Courts

Clapham Case.
Judge Harry Jewell and the jury in common please court today were engaged in hearing the continuance of the damage case of Albert B. Clapham against the board of county commissioners and Gregg and Fletcher, pike contractors, the plaintiff asking for \$1,367.25 for injuries to his son Leon, who ran into a barbed wire stretched across the Granville road in July, 1913. Clapham claims that he was deprived of the services of his son in the sum of \$1,000 and that he expended the sum of \$367.25 on the young lad's injuries.

MONEY IN PEANUT SHELLS.
A source of wealth that is going to waste in enormous quantities all through our peanut-loving country is described in the current issue of Farm and Fireside.

"A Southern business man went to a meat manufacturer of grinding mills and said he wanted one that would grind peanut hulls; they're hard to grind because they are so gritty. He finally got a mill that would do the work, though he wouldn't tell what he was going to do with the ground hulls. But the secret leaked out. They are now used in Pittsburgh for polishing tin-plate, and after that the oily mixture is put up in packages with a fancy label and sold as sweeping compound."

AWAITING SUPPLIES.
Delay in receiving the small Tungsten lamps which are in service in a number of places over the city as auxiliaries to the regular street lights is due to the failure of the factory to fill orders placed by the city for these lamps, according to Service Director T. E. Christian. The factory will be made as soon as the shipment is received from the factory, Mr. Christian said. A rush of business has made it impossible for the factory to fill orders as rapidly as is desired by the customers.

KUSSMAUL HURT WHILE WORKING AT WATER PLANT

Fred Kusmaul, suffered severe injuries to both hands this morning while at work at the pumping station of the water plant when a heavy iron pipe fell on both hands while he was at work in a trench. The Bradley ambulance took the injured man to the City Hospital where the injuries were dressed.

Kusmaul had both hands under the pipe which was being lowered by a pulley suspended from a tripod. The tripod broke, allowing the pipe to fall on his hands. The right hand was cut almost through the palm. However it is believed that amputation will not be necessary. The left hand was not so badly injured. He also suffered a number of bruises and cuts about the face.

MUCH INTEREST IN TRINITY MISSION

The lasting and beneficial results of the mission preached at Trinity church by the Rev. Mr. Sterret are becoming apparent. Last night, despite the inclement weather, a good audience greeted Mr. Sterret.

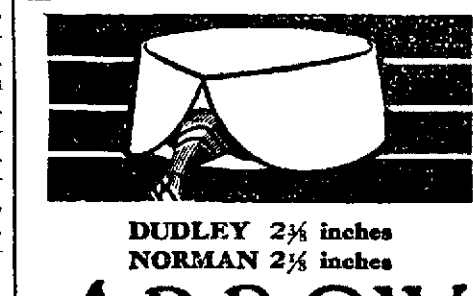

In addition to answering many questions in regard to religious and church matter, Mr. Sterret preached a very forceful sermon wherein he pointed out the necessity of squaring all business and social affairs with the teachings and character of our Blessed Lord.

The large number of questions asked the missionary indicates the interest that Mr. Sterret is arousing among his hearers and it is hoped that many more will seize the opportunity of hearing his calm and powerful expositions of the claim of our Lord and His church.

Every one is invited to the meetings which are at this church every evening at 7:30 p. m.

MILK FROM THE DESERT.

"El Paso, Texas, has one of the most interesting milk supplies of any city," says the current issue of Farm and Fireside. "A considerable amount of the milk is goats' milk, produced by a number of goat dairies, one of which has a thousand goats. These goats get their living from the surrounding hot, dry territory, deficient in grass and only moderately covered with sagebrush and cactus. A cow would starve to death, but goats, though fed neither hay nor grain, give on an average about a quart each. The milk brings about the same price as cows' milk, and is sold in both bottles and in bulk."

It Takes Eight Months

If a Crown Piano were merely a piece of cabinet work it could be made in a few weeks. It takes eight months to build a Crown Piano because it is a musical instrument, adjusted and re-adjusted until it has the purity, volume and sweetness of tone that every Crown must have before the name goes on.

Crown Pianos

are in the hands of experts for months after the strings, hammers and keys are in place. Tone regulating is done by men unusually skilled, so that the quality and equality of tone are perfect.

Every Crown Piano is tuned at least seven times before leaving the factory. The actions are regulated and re-regulated by men who specialize in this accurate work.

All this work does not show on the surface, but means musical value—tone of lasting sweetness—action responsive to every touch—durability. The Crown welcomes comparisons and musical tests.

Send for our booklets which explain piano value, also what to look for in the selection of an instrument for your home. These booklets contain real piano information, and guided by them you are sure to select a good piano. They are FREE for the asking. Mail the coupon TODAY.

Didn't Expect to Live

In a letter to the Plaus Laboratories, Mrs. G. O. Walker, of Walker, Lane County, Oregon, writes: "I have been taking Fruitola and it has been a great relief. I suffered so with gall-stones my family and friends didn't expect me to live."

Fruitola is a powerful intestinal lubricant and softens the hardened particles that cause so much suffering, expelling the congested waste in an easy, natural manner, to the sufferer's great relief. A single dose is usually sufficient to clearly indicate its efficiency. To build up and restore the weakened, run-down system, Traxo is highly recommended as a tonic-alterative that acts on the liver and kidneys, stimulates the flow of gastric juices to aid digestion and removes bile from the general circulation. Fruitola and Traxo are prepared in the Plaus Laboratories at Monticello, Ill., and arrangements have been made to supply them through representative druggists. In Newark they can be obtained at Evans' Drug Store, Warden Hotel Block.

HAGER QUIETLY SUSPENDED AND HEARING TODAY

On charges brought by Councilman Watson C. Seward, Police Chief Sheridan several days ago suspended Police Captain Charles Hager and certified to Safety Director Dayton a notice of his action. Councilman Seward last night was notified that the hearing on the charges would be opened at 2:30 o'clock this afternoon before the Safety Director at police headquarters, and was asked to have his evidence ready for presentation at that time.

Mr. Seward states that he will be on hand for the prosecution of the charges, though he claims that he was not given sufficient time to properly prepare his data for presentation.

"I brought charges against Captain Hager on October 20," said Mr. Seward, "charging conduct unbecoming an officer. Wednesday evening at 4 o'clock I was notified by safety director that the hearing would be today, less than 24 hours from the time I received the notice. As far as I have been able to learn, no one knew of Captain Hager's suspension or of the date of the hearing, and it appears to me that an effort has been made to conduct the matter quietly. I have nothing to conceal and know of no reason why the transaction should occur under cover."

"Citizens have protested loudly against inaction on the part of the administration in this matter and my effort to have some action taken by council was defeated and I believe that the protests of the citizens should have some consideration."

"JUICE" CARRIED TO N. LEXINGTON FROM PLANT HERE

At 4 o'clock yesterday afternoon current manufactured in the big power plant of the Ohio Light & Power company in this city was turned into the high tension transmission lines of the company and a few minutes later street lights in New Lexington, Perry county, and commercial circuits in that place, were consuming Newark made electricity.

Within a short time arrangements will be completed for the transmission of current over the same lines to Shawnee and New Straitsville where the O. L. & P. Co., is operating.

The new transmission line carries a current of high voltage but not as high as is carried in some transmission lines over the country. Some of these lines carry from 100,000 to 240,000 volts.

At New Lexington yesterday huge transformers received the current from the transmission line and reduced it to 2300 volts for the street lighting circuit while other transformers further reduced the voltage for use as power and lighting current.

The local company is now using about 66 miles of transmission line and it is probable that more will be added to this length at some time in the future.

BOOSTERS DOING IT ELECTRICALLY

Electrical Prosperity Week to Bring Better Times.

Seventy per cent of the people of the United States use electricity in some of its forms or ramifications every day of their lives. Ten per cent of the population of the country absolutely depend upon it for their daily bread.

Those facts were paramount considerations when a number of leading representatives of the united electrical industry of the county sat and weighed the words "Electrical Prosperity Week" as applied to the great six day nation wide electrical celebrations from No. 29 to Dec. 4. The title was decided as timely in significance, hopeful in tone, positive in effect and, best of all, human.

The following figures regarding the electrical industry will astonish those who look back a few years to the time when Edison invented the incandescent lamp. They show the gross income of electrical industries for 1914:

Electrical manufacturing, \$450,000,000; Electrical railways, \$730,000,000; Lighting companies \$400,000,000; Telephone companies, \$350,000,000; Telegraph companies, \$85,000,000; Isolated plants, \$125,000,000; Miscellaneous, \$125,000,000. Total \$2,265,000,000.

METER TESTER IN OPERATION; IS A GREAT MACHINE

The waterworks department has installed in the meter repair room in the rear of police headquarters a new meter tester and the device is ready for operation. It has been installed to test meters for inaccuracies, especially those meters which consumers declare are charging for more water than is consumed.

By this device a meter is connected with a water line, the water turned on and allowed to run until the meter registers a given amount. As the water passes through the meter, it runs into a large tank, which is set upon a delicate weighing device. By weighing the water, any inaccuracy in the meter is discovered.

A cubic foot of water contains approximately 7 1/2 pounds and if the meter registers a cubic foot of water and this quantity in the tank weighs 7 1/2 pounds the meter is accurate enough for all ordinary purposes. An attachment on the weighing device shows the percentage of loss or gain by the meter.

The machine is installed in a large room on the second floor of the garage erected in the rear of police headquarters. In this room is stored supplies for meter repairs and other work on the city's water system.

"SMOKY" HOBBS MUST SERVE A PRISON TERM

Alexander "Smoky" Hobbs yesterday was taken to the Columbus workhouse, being unable to raise the money, \$302.75, to pay his fine and costs in a case for selling liquor illegally. He had been conducting a colored hotel corner of Third and Chestnut streets, Columbus. Hobbs had previously been assessed a fine of \$400 and costs by Mayor Larimore of Westerville on a similar charge.

"Smoky" is well known in Newark and several years ago brought a number of colored pugilists to this city to participate in boxing matches. He is possibly wider known among the colored men of sporting proclivities over the state than any other individual. If his friends do not come to his rescue financially he will have to serve 305 days in prison.

LARGE AUDIENCES APPRECIATIVE OF EVANGELIST BROWN

Another splendid crowd assembled at the Central Church of Christ last evening in spite of the snow storm that was raging. It is very evident that the interest is growing and deepening all the while. At the beginning of the meeting last evening, nine persons were baptized by the minister of the church. The song service under the leadership of Wm. Leigh, was inspiring. Mr. Leigh really inspires people to sing, and he does it by his earnestness, not by using vaudeville jokes or any other tricks or schemes. His solos are Gospel sermons and appeals of the highest order, the words and music of many of them being composed by himself. The work of R. Leighton Brown with the cornet is worth going a long distance to see and hear. Evangelist Brown's sermon last evening was on the subject of "Old Time Religion." It was a splendidly sane presentation of what Christianity really is, and what it is not. He paid his respects to those who believe and teach that religion is a matter of feeling, rather than of doing. He declared that it is impossible to "get religion." He said that one gets an impulse, from the proper presentation of the Gospel, that leads to obedience to Christ's commands, and to the doing of His will. Then he added: "Religion is not what you get; it is what you do."

Two more responses to the Gospel invitation at the close of the sermon. The subject of the sermon this evening will be: "What I Must Preach to Be Saved." Both of the choirs are doing good work. The Junior Chorus will give another Bible drill Friday (tomorrow) night. There will also be another baptismal service at the beginning of the meeting tomorrow evening, at which time all will be baptized who come prepared. There will be two great mass meetings Sunday afternoon at 3 o'clock, one for men and another for women. The men's meeting will be under the auspices of the Christian Men's Union of the city, and will be held in the auditorium of the church. Evangelist Brown will speak to the men on the subject: "A Lop-sided Man." At the same hour, there will be a mass meeting of women in the Christian Endeavor room in the basement. It is quite probable that Mrs. Brown, wife of the evangelist, will address the women at this meeting. More definite announcement later.

Every Home Needs a Faithful Cough and Cold Remedy.

When seasons change and colds appear—when you first detect a cold after sitting next to one who has sneezed, then it is that a tried and tested remedy should be faithfully used. is good, but a good stomach in a vigorous body is better than Dyspepsia with Wealth. Health is beyond the reach of money-bags. It is purchased with good habits and a simple, natural food.

Shredded Wheat

is a simple, elemental food that supplies all the body-building material in the whole wheat grain made digestible by steaming, shredding and baking—the maximum of nutriment with the least tax upon the digestive organs.

Made in America

Two Shredded Wheat Biscuits, heated in the oven to restore crispness, served with hot milk or cream, make a complete, nourishing, satisfying meal at a total cost of five or six cents. Also delicious with fruit. THE SCUIT is the Shredded Wheat Wafer, eaten as a toast with butter or soft cheese, or as a substitute for white flour bread or crackers.

Nine out of ten persons have this dread disease

Pyorrhea—the most general disease in the world—is the disease you should be guarding your teeth against. It is caused by a germ which is found in every human mouth.

Thousands have already lost some or all of their teeth from this disease; in thousands it has reached the stage of bleeding gums and loose teeth; in thousands of others the germ, unsuspected, is just starting its work of destruction. Start today to guard your teeth from the dread results of this disease by using a corrective and preventive treatment in your daily toilet.

To meet the need for such a treatment and to enable everyone to take the necessary precautions against this disease, a prominent dentist has put his own prescription before the public

in the convenient form of Senreco Tooth Paste.

Senreco contains the best corrective and preventive for pyorrhea known to dental science. Used daily it will successfully protect your teeth from this disease. Senreco also contains the best harmless agent for keeping the teeth clean and white. It has a refreshing flavor and leaves a wholesomely clean, cool and pleasant taste in the mouth.

Start the Senreco treatment tonight—full details in the folder wrapped around every tube. Symptoms described. A 25c two oz. tube is sufficient for six or eight weeks of the pyorrhea treatment. Get Senreco at your druggists today, or send 4c in stamps or coin for sample tube and folder. Address The Sental Remedies Co., 503 Union Central Bldg., Cincinnati, Ohio.

ESTABLISHED IN 1820

Entered as Second Class Matter March 10, 1882, at the Postoffice at Newark, Ohio, under Act of March 4, 1879.

Henry Ford's peace embassy might be of some use if it could take along a few bombs to get off under the throes of the European kings.

Many people are reconciled to a good hard cold, as they appreciate a perfectly good excuse for a good old fashioned dose of Hot Scotch.

A favorite Christmas present for the Old Man about now consists of a bill for one of those beautiful new millinery creations for the Missus.

Although it is claimed that almost every one will soon be buying automobiles, it is hoped they don't discontinue sidewalks for foot passengers quite yet.

There is a strong feeling among the Congressmen that a number of marble post-offices at strategic political points in their district would be a help in case the United States was invaded by a foreign power.

Good Sidewalks.

The standard required of all public conveniences is steadily rising. It makes the tax payer groan, but people will not stand for the defects that used to be accepted tolerantly.

In no respect is this truer than in the demand for good walking conditions in cities and towns. Formerly large cities got along with ordinary bricks, which soon became irregular, and many hard traveling for the walker. Smaller places used the native dirt, more or less treated with gravel or cinders, but reverting to fathomless sloughs of despond in rainy times or in winter.

Tar concrete was considered an admirable walk for moderate sized towns within a few years. But people are getting impatient of its failure to wear, and the use of permanent forms of cement is spreading rapidly.

When a cement walk is to be built, it pays to put in a good one. Many walks are laid too thin and without proper drainage in wet spots, so that they soon disintegrate. Better an old time gravel walk than the whitest cement that soon becomes crumbled and broken!

Corn Boys' Trip.

The Ohio Corn Boys are on their tour to Washington and other Eastern cities. There are not so many of them this year as heretofore and there are not so many tourists, but what the crowd lacks in numbers it makes up in enthusiasm. Many of the contestants for prizes were disappointed by reason of the fact that the new State Board of Agriculture failed to arrange for the free trip promised in many counties. In Franklin county at the last minute one individual came forward with the money after the disappointed had advertised in the newspapers. In other counties no arrangements were made. Much of the dissatisfaction was due to the fact that people did not know just what the attitude

Defense Inside the Lines.

(Chicago Herald.)

A forecast of his message shows that President Wilson is not confining himself to one aspect of national defense. He intends to call for preparedness to resist not only the aggressions of the foe from without but also of the foe from within. He will demand that the arm of the government be strengthened to deal more capably with those who abuse our hospitality and do not hesitate to plot the destruction of American property and American lives in the attempt to aid a foreign country. That there is need for attending well to this aspect of national defense is evident. It is proved not only by numerous outrages but also by the difficulty which the government has found in punishing the perpetrators. This difficulty, as was pointed out in that extraordinary appeal of the government to the states for aid a short time since, arises from our dual form of government. Most of the crimes perpetrated come within the state and not the federal jurisdiction. And the states have shown themselves extraordinarily lax or extraordinarily incapable of meeting the situation.

However, this anomalous situation can be remedied. Punitive legislation can bring such criminals within the federal as well as the state jurisdiction. The President is said to favor legislation amending the anti-trust laws so as to give the government the power to prosecute all attempts to interfere with the manufacture of munitions, either by fires or explosions or by inducing men to quit their employment, as efforts to restrain trade and commerce. Either that plan should be adopted or some other way should be found to give the federal government the power which experience so plainly counsels.

There may be some question as to the reported intention to couple the proposed government merchant marine bill with the general plan for national defense. But there can be no question that legislation to deal with the men who would sacrifice American property and American lives to foreign interests is an essential part of such a program. When the country girls itself against a foreign foe, it must know that it is adequately protected against those who would stab its defenders in the back without hesitation and without remorse.

The Age of Genius.

(Irish World.)

At the age of 18 David is said to have written his first psalm. Shelley wrote "Queen Mab" and Mendelssohn composed his music for "A Midsummer Night's Dream."
At 19 Bryant wrote "Thanatopsis."
At 21, Disraeli wrote "Vivian Grey."

At 22 Alexander Dumas wrote plays. Voltaire's first tragedy was brought out and Keats wrote "Endymion."

At 23 Horace is said to have written his first odes. Heine published his first songs, and Schiller's "The Robbers" had made him famous.

At 24 Shakespeare wrote his first play.

At 26 Sheridan wrote "The School for Scandal."

At 28 Racine wrote "Andromache" and Hannah More wrote "The Search After Happiness."

At 29 Addison's first essay appeared; Owen Meredith published "Lucille."

At 31 Pliny finished his "German War."

At 34 Thomas a Kempis wrote "Imitation of Christ."

At 35 Mohammed began the Koran and Poe wrote "The Raven."

At 36 Thackeray's "Vanity Fair" appeared.

Sterilizing Milk by Electricity.

Self-Made Girls.

On one evening at the Y. W. C. A. club house at the Panama-Pacific exposition there was a little girl from Belgium, two from Norway, one from Japan, one from Switzerland, twelve from Hawaii, two from Canada and one from Australia. One of these girls said afterward, "You can't possibly know how much that party meant to me. Why, it's the first party I've been to in five years!" She was a 22-year-old girl who had been supporting herself since she was 14; she was working for one of the telegraph companies, and studying stenography and typewriting at night to make herself more proficient; but she was a girl, young and pretty and wholesome, with a perfectly natural love for fun, and she was fairly starving for the lack of it.—The Christian Herald.

The Right Idea.

If the spark of life is so sacred, as the outbreak over the Chicago baby case indicates, let us all get behind the movements for keeping alive the flames of life that preventable diseases and other ills are seeking to extinguish. It will mean more to the world than saving defective, deformed and incurable babies.—Columbus Dispatch.

Ford's Peace Trip.

If Henry Ford only knew it, the refusal of the Governors to go with him on his peace errand is a blessing in disguise. What he needs in his attempt to soften the grim visage and smooth the wrinkled front is not pious statesmen but good mixers, few commercial travellers and wine agents would be more to the purpose.—New York World.

Rippling Rhymes

The Magazines.

The magazines have known a slump; they're gravitating to the dump. Ten years ago their lives were gay, and they controlled the right of way. Their advertising made them thick, and heavy as a paving brick. Their circulation boomed along, and life was just one grand sweet song. Of course the publishers were sure their bed of posies would endure, but in this world, wherein we stay, conditions come and pass away. The moving pictures made a hit, and folks who used to read and knit beside the fire, on wintry nights, now drift downtown to see the sights. The auto came and seemed to be a family necessity. And people toured to distant scenes, who used to read the magazines. Life's business now is just to roam; no one has any use for home; our thoughts are all on "record speed," and so we haven't time to read. And so it is the magazines sell lower than a can of beans. Where once the newsman piled them high, to lure the eager public eye, he now lays in but three or four, and seldom has to order more. It's sad to see the magazines immersed in clammy soup tureens!

CHRISTMAS BULLETIN NO. 2

The first thing we want for our Municipal Christmas festival is a tree. We want the most beautiful tree we can find and a big, tall one. Who knows where we can get such a tree?

And we want a live tree, not a tree that is cut off at the roots. We want a tree to plant in the court house square that will beautify our city and be a pride to Licking county. Zanesville is planting a beautiful tree for their county, and community Christmas trees are becoming popular in many cities. We should plant a tree that will bear a message from generation to generation; a tree that will grow with the years and be a constant reminder that Newark should be a "city of good will"; a tree that will shed the fragrance of loving thoughts, of kind words, and of gentle deeds.

It must be a beautiful tree to bear such gifts to the future, and a tree worthy of such beautiful service. Who will plant such a tree this year? Do not delay, if you desire the privilege, lest your offer comes too late. The kind of a tree we want:

"Two Little Fir Trees."

(By Nora Archibald Smith.)

There were two little fir trees that happened to grow

In the shade of the forest wide, And one was a good tree and one was a bad

As you'd find in a day-long ride. He never would listen, he never would mind

The words of the motherly tree; And it needn't surprise you to learn he was soon

As crooked as crooked could be. The good little fir tree delighted to hear

The counsels of wisdom that fell From the myriad lips of the motherly tree,

And he pondered them all right well. "Strike deep with your rootlets," the mother advised;

Hold firmly your head in the air; There are wonderful things that may happen to come

To a fir tree that's perfect and fair. The bad little sapling was sulky and rude;

He said a fine tree never grew In such a deep shade as the tangled-up wood;

He was bound to be crooked, he knew; His needles they withered; he blighted at heart;

And his fate at the end of it was dire; For they pulled him up bodily, rootlet and crown,

And they used him to kindle the fire. But oh, the good fir tree, he never had hoped

And scarce could believe such a thing— The children discovered his place in the wood

And round him they danced in a ring. They carried him homeward, and—what do you think?

'Twas the happiest lot that could be, And fairest of fortunes that ever befell—

Why, they made him a Christmas Tree! (See announcement, Dec. 1.)

SAVE YOUR HAIR! 25 CENT BOTTLE STOPS DANDRUFF

EVERY BIT OF DANDRUFF DIS-
APPEARS AND HAIR STOPS
COMING OUT.

TRY THIS! YOUR HAIR APPEARS
GLOSSY, ABUNDANT, WAVY
AND BEAUTIFUL.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application your hair will take on that lustrous and luxuriant which is so beautiful. It will become wavy and fluffy and have the appearance of abundance, and incomparable softness; but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the

TRADE DOUBLES BY MOVING 200 FEET

A move of a little more than 200 feet in distance has meant an increase of 100 per cent in business for the United Woolen Mills Company's store at Columbus.

The Columbus store now located at Gay and High, is one of 18 branches. There are in Ohio associated stores at Zanesville, Newark, Cambridge, Middletown, Steubenville, Cincinnati and Marietta, besides 10 outside of the state. The home office is located in Parkersburg, W. Va., and occupies an entire city block. The scope of business done, which is exclusively the tailoring of men's suits and overcoats, is indicated by the fact that they buy blue serge in 25,000 yard lots.

IS YOUR COMB FULL OF FALLEN HAIR?

What to Do When Hair Comes Out.

Loose hairs in your comb and brush is Nature's way of waving a red flag in your face to tell you that your hair and scalp are losing vitality and that it is time you did something for them.

Don't disregard the warning. A little attention now may mean long, thick, luxuriant hair for you for years to come. A little further neglect and thin, dry, dull, lifeless brittle hair and finally baldness may result. To vitalize the scalp 'til it tingles with vibrant energy—to make every hair on your head healthy—get a package of Parisian Sage from W. A. Erman or any good druggist in town and rub a little right into your scalp with the finger tips.

Parisian Sage acts directly on the entire cell life of the hair—from root to tip—helping healthy growth and stimulating a beautiful glossy texture and glorious luxuriance. Notice how quickly your hair stops coming out on brush and comb—how it is easier to handle and dress and how all signs of itching or dandruff quickly disappear. It is not expensive.

JOSEPH M. SPEAR AMENDS FORMER STATEMENT

SINCE TAKING MORE TANCIC IS
ENTIRELY RELIEVED
OF PAINS

Tells His Friends Emphatically
That It Is a Wonder-
ful Remedy.

Mr. Joseph M. Spear, who resides at 27 South Fourth street, Zanesville, and whose statement with reference to the beneficial effects of Tanlac we published two weeks ago, wishes to amend that statement. He says, "When I gave my first statement I had taken less than a bottle of Tanlac, but now that I have taken more of it I'm in a better condition to speak on the subject. I now want to say that the pains in my sides and small of the back have entirely disappeared and that my catarrh is greatly improved and I consider Tanlac the most wonderful medicine I ever heard of and I'm gratified that I was induced to try it." Continuing Mr. Spear said, "I read a statement from a man who described his case just as mine was and I thought if it helped him it would help me, so I tried it and with the most gratifying results."

Tanlac, the Master Medicine, in cases of pains in the sides and back, stomach, liver and kidney troubles is excellent. It also is especially beneficial for the treatment of rheumatism, nervous debility, depression of spirits, insomnia, catarrh troubles, diseases of mucous membrane and the like. Tanlac is now being introduced in Newark at F. D. Hall's Drug Store.

TRAVELERS

FROM AMERICA NOW IN EUROPE
ARE HAVING INCREASING
DIFFICULTIES

American Missionaries Living Many
Years in Paris Were Arrested
Recently as Spies.

Paris, Nov. 20.—Difficulties for Americans traveling on the Continent are increasing. Waiter More Rummel, the American composer and pianist who has been living for many years in Paris, and his wife, formerly Therese Chaigneau, a French pianist, were arrested at Dieppe recently, suspected of being spies.

They were returning home from London where professional engagements called them. They had submitted their papers to the French Consulate General in London and had received a safe-conduct to Paris. They had an American passport and a personal letter from Mr. Thackara the Consul General. They were searched after their arrest at Dieppe. Although nothing suspicious was found they were detained in a hotel overnight. The next morning Rummel was taken bygendarmes through the streets, followed by children calling out that he was a German. Both he and his wife were locked up in prison until the next morning. Rummel's cell companions were two persons accused of theft.

Mr. and Mrs. Rummel were transferred by train to Rouen, imprisoned there in cells, the floors of which were covered with filth and the walls with obscene drawings. They were there six hours before being able to buy a piece of stale bread and a piece of cheese. Rummel's fellow prisoner was an Apache who confided to him that he had just stabbed a woman. Rummel had at every stage of his experience explained who he was and demanded that the authorities should inquire at the American Embassy in Paris. Luckily he had been able to send a telegram to the Consul General in Paris before being interned. He and his wife were released therefore after forty-eight hours detention altogether, upon representations of the American Consul in Rouen.

Mr. Rummel's father and grandfather were British. His mother was the daughter of S. F. B. Morse, the inventor of the telegraph. Rummel happened to have been born in Berlin during a period when his father was there on business. He was registered as British-born at the British Consulate. His parents went to America when he was three years old. After the death of his father his mother resumed American citizenship. Young Rummel was entitled to take his mother's nationality and did so. The circumstance that he was born in Berlin appears to have drawn upon him the suspicion that he was German.

The American Embassy has gone fully into the affair and has made representations to the Foreign Office upon the indignities Mr. and Mrs. Rummel suffered. They have spent most of their time since the war in hospital and other charitable work in France, particularly in organizing funds for musicians.

WAREHOUSE MEN IN CONVENTION
(Associated Press Telegram)
New York, Dec. 2.—Members of the American warehouse men's Association here to attend their annual convention, report steadily increasing prosperity all over the country.

YES—IT IS POSSIBLE
TO STOP RHEUMATISM

Rheumatism is a tormenting and stubborn malady. In some cases it yields to treatment which is without avail in other cases.

The darting pains, lame muscles or stiffened joints only disappear by gradually expelling the uric acid, and so many thousands have been relieved by the blood-enriching oil-food in Scott's Emulsion that you should give it a faithful trial. Scott's Emulsion acts as a powerful blood-purifier by increasing the red corpuscles and it strengthens the organs to carry off the acids which cause the trouble.

Try Scott's Emulsion. It cannot harm. It has helped thousands and may be exactly what you need. No Alcohol.

How To Get Rid of a Bad Cough

A Home-Made Remedy that Will
Do It Quickly, Cheap and
Easily Made

If you have a bad cough or chest cold which refuses to yield to ordinary remedies, get from any druggist 2 1/2 ounces of Pinex (50 cents worth), pour into a pint bottle and fill the bottle with plain granulated sugar syrup. Start taking a teaspoonful every hour or two. In 24 hours your cough will be conquered or very nearly so. Even whooping cough is greatly relieved in this way.

The above mixture makes a full pint—a family supply—of the finest cough syrup that money could buy—at a cost of only 54 cents. Easily prepared in 5 minutes. Full directions with Pinex.

This Pinex and Sugar Syrup preparation takes right hold of a cough and gives almost immediate relief. It loosens the dry, hoarse or tight cough in a way that is really remarkable. Also quickly heals the inflamed membranes which accompany a painful cough, and stops the formation of phlegm in the throat and bronchial tubes, thus ending the persistent loose cough. Excellent for bronchitis, spasmodic croup and winter coughs. Keeps perfectly and tastes good—children like it.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, rich in guaiacol, which is so healing to the membranes.

To avoid disappointment, ask your druggist for "the cure of Pinex." Do not accept anything else. A guarantee of absolute satisfaction, or money promptly refunded goes with this preparation.

CONFERENCE AT BAPTIST CHURCH COMES TO CLOSE

The Ministers and Members Bible Conference came to a close last night in the Baptist church. The gathering of so many pastors was an inspiration, despite the bad weather which set in on Monday and continued to the close. In the three days sessions there was only one vacancy on the program, so that from the first the program was carried out as printed. The addresses and lectures were first class though the attendance was not so large as would have been in more favorable weather. The closing session was presided over by Prof. Bunyan Spencer of Denison University. Dr. L. C. Sparks read the Scriptures and offered prayer, and Dr. J. C. Massie preached the sermon, on the general theme of the Holier and Higher Life. He made the remark that he always preached the same sermon, whatever text he used. The result of the Conference is very uplifting and its effects are of a lasting quality. On Friday evening 7:15 the quarterly business meeting of the church will be held, when reports of various kinds will be given touching the progress of the past months.

RUPP AND BROCK CANDIDATES FOR DENISON CAPTAIN

Granville, Ohio, Dec. 2.—Denison's very successful 1915 football season will officially end next Monday evening with the annual football banquet, which was inaugurated three years ago by "Lew" Babb, one of the staunchest of Denison's alumni. As in the past, one of the main features will be the announcement of next year's captain who will be elected by the members of the team by secret ballot. The choice will lie between Nelson Rupp and "Babe" Brock, both seniors next year, with the chance favoring Rupp, who has achieved All-Ohio honors both years that he has been on the Big Red team.

Get the Habit of Drinking Hot Water Before Breakfast

Says we can't look or feel right with the system full of poisons.

Millions of folks bathe internally now instead of loading their system with drugs. "What's an inside bath?" you say. Well, it is guaranteed to perform miracles if you could believe these hot water enthusiasts. There are vast numbers of men and women who, immediately upon arising in the morning, drink a glass of real hot water with a teaspoonful of limestone phosphate in it. This is a very excellent health measure. It is intended to flush the stomach, liver, kidneys and the thirty feet of intestines of the previous day's waste, sour bile and indigestible material left over in the body which if not eliminated every day, become food for the millions of bacteria which infest the bowels, the quick result is poisons and toxins which are then absorbed into the blood causing headache, bilious attacks, foul breath, bad taste, colds, stomach trouble, kidney misery, sleeplessness, impure blood and all sorts of ailments.

People who feel good one day and badly the next, but who simply can't get feeling right are urged to obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to make anyone a real crank on the subject of internal sanitation. Just as soap and hot water act on the skin, cleansing, sweetening and freshening, so limestone phosphate and hot water act on the stomach, liver, kidneys and bowels. It is vastly more important to bathe on the inside than on the outside, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

SYRACUSE WINS FROM OREGON IN INTERESTING GAME

Portland, Ore., Dec. 2.—With the aid of a bewildering assortment of plays, the Syracuse University football team defeated the Oregon Agricultural College here yesterday, 25 to 0. The Eastern aggregation got the jump on the Aggies the moment the latter kicked off and scored two touchdowns before the Western players got their hands on the ball. With one exception, the Aggies' defeat was the worst they have suffered this season. The Aggies had gained considerable prestige earlier in the season by defeating the Michigan Aggies.

Perfect execution of numerous complicated plays was what gave the victors the advantage of the offensive. On the defensive their line tossed back interference and downed the runner with clockwork regularity. In the last quarter, however, honors were almost even. The Oregon team partly solved Syracuse's plays and made good gains on forward passes interspersed with line plunges. White and Schlatter, Syracuse's giant guards, and the entire back field played a stellar game. For the Aggies Abraham, at right halfback, was his team's mainstay. The Aggies use no quarterback in the back field, having instead right and left fullbacks.

Physicians' Treatment For Swollen Veins

Ask your druggist for an original two ounce bottle of Moore's Emerald Oil (full strength) and simply apply to the enlarged veins as directed. Soon you will notice that they are growing smaller, the treatment shows forward continued until the veins are of normal size. Emerald Oil is a powerful yet harmless germicide. Mrs. Silas E. Briggs, East Marion, Mass., writes: "I had a large sore and Varicose Veins on my legs. The sore is all healed up now and the veins are very much reduced. I am more than thankful for your Emerald Oil." Generous sample on receipt of 10c. from Moore Chemical Co., Rochester, N. Y. Evans' Drug Store can supply you.

NOSE CLOGGED FROM A COLD OR CATARRH

Apply Cream in Nostrils To Open Up Air Passages.

Ah! What relief! Your clogged nostrils open right up, the air passages of your head are clear and you can breathe freely. No more hacking, sniffling, mucous discharge, headache, dryness—no struggling for breath at night, your cold or catarrh is gone. Don't stay stuffed up! Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head soothe and heal the swollen, inflamed mucous membrane, giving you instant relief. Ely's Cream Balm is just what every cold and catarrh sufferer has been seeking. It's just splendid.

HOOTMAN SAILS FROM VANCOUVER SAYS TELEGRAM

Coshocton, O., Dec. 2.—That W. S. Hootman, clerk of the city council and bookkeeper at the H. D. Beach Company's plant sailed for Australia from Vancouver a week ago Wednesday, was verified yesterday when a telegram was received from a Vancouver newspaper verifying Hootman's message received on Thanksgiving day. Hootman sent a telegram to a Coshocton friend stating his intention to leave for Sidney, Australia.

No information has been given out at the Beach plant regarding the investigation of Hootman's books.

Good, Old, Reliable Peterson's Ointment a Favorite Remedy.

"Had 51 ulcers on my legs. Doctors wanted to cut off leg. Peterson's Ointment cured me."—Mrs. J. Nichols, 40 Wilder St., Rochester, N. Y. Get a large box for 25 cents at any druggist, says Peterson, and money back if it isn't the best you ever used. Always keep Peterson's Ointment in the house. Fine for burns, scalds, bruises, sunburn, and the surest remedy for itching, eczema and piles the world has ever known. "Peterson's Ointment is the best for bleeding and itching piles I ever found."—Major Charles E. Whitney, Vineyard Haven, Mass. "Peterson's Ointment has given great satisfaction for Salt Rheum."—Mrs. J. L. Weiss, Cuylerville, N. Y. All druggists sell it, recommend it.

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through sieve and drink a teacup full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once. It is inexpensive and entirely vegetable, therefore harmless.

MERRILY, SANTA

A Liberal Offer By Licking Creamery Company

To the Users of Milk and Cream
From Its Retail Wagons.

The Licking Creamery Company begs to announce that until further notice it will make a regular monthly award of two (2) \$1.00 sheets of milk tickets upon each of its retail milk wagon routes to private consumers of milk and cream throughout the city.

The awards will be made on the 15th day of each month. A duplicate receipt stub from every sheet of tickets sold during the preceding month will be placed in a box from which the stubs to receive awards will be drawn by a disinterested party. Each route will be handled separately.

THERE IS BUT ONE CONDITION

QUALIFYING THESE AWARDS.

All competitors must have their accounts with the Licking Creamery Company paid in full for the month preceding the one in which any given drawing occurs.

In other words, should a duplicate of one of your ticket receipt stubs be drawn on the 15th of one month it would not receive an award unless your account was paid in full for the month preceding.

This is absolutely the only requirement made, thereby characterizing this proposition as being extremely clean cut and liberal.

We hope it will please the public. Watch for the next drawing. Your name may be among the fortunate ones to be announced in the papers following the next drawing.

SAFETY RULES

ARE TAUGHT BY

CROTON TEACHER

Superintendent D. A. Leake, of the public schools of Croton, Licking county, believes it is just as important to teach children principles of safety as those of any other kind. He has asked State Highway Commissioner Clinton Cowen to send him 40 copies of the new code which the department has just prepared and issued so that he can instruct his pupils in it. "I believe it is just as essential to teach things of that sort as many other things we do teach," he wrote. "I have 40 pupils who drive to school. I will take 10 minutes each morning for discussion of the 'Rules' until we understand them." Commissioner Cowen hopes that many other school superintendents will emulate Mr. Leake's example. The new code is designed to prevent accidents on streets and highways.—Columbus Dispatch.

88 BRITISH SHIPS

SUNK IN NOVEMBER

(ASSOCIATED PRESS TELEGRAM)

London, Dec. 2.—Reports received by the board of trade during November tell of the sinking of 88 British steamers with a total net tonnage of 61,072 with the loss of 646 lives. In the same period the loss was reported of 35 British sailing vessels of 4,977 net tonnage with six lives. So far as the figures show, only twenty of the steamers were sunk by German warships and ten by mines, but 495 of the lives lost were on steamers sunk by German warships.

(ASSOCIATED PRESS TELEGRAM)

Berkeley, Calif., Dec. 2.—Remains of six new species of pre-historic horses from the Miocene and Pliocene periods have been discovered in California by Prof. J. C. Merriam of the department of Paleontology, of the University of California, is announced today. The specimens are of the three-toed variety and are said by Prof. Merriam to be valuable contributions to the history of the horse.

(ASSOCIATED PRESS TELEGRAM)

New York, Dec. 2.—Richard F. Wagner, president of the American trans-atlantic company, announced today that he had ordered the steamer Winnebago to leave Buenos Aires for Stamford, Conn., without further delay. The Winnebago is one of the vessels listed by the British government as under suspicion of German ownership. She is loaded with quinine wood.

An Italian scientist has figured that a square mile of the surface of the earth in six hours of sunshine receives heat equivalent to the combustion of more than 2,000 tons of coal.

In Milady's Boudoir

By Gwen Sears

Many of us wear unbecoming jewels because we have inherited them, while others represent the gifts of people with bad taste. You should wear only those jewels which will enhance your beauty and add just the correct finishing touch to your costume.

If you possess good taste, you must, in addition to this, cultivate an artistic sense of color. This will avoid the unpardonable offense of mixing jewels which do not belong together. For instance, pearls should not be mixed with colored stones, as diamonds only may be combined with this treasure of the sea.

Therefore but few jewels are becoming to everybody. Among the colored stones emeralds may be worn by the blonde or brunette. Sapphires are more becoming to blondes, but may also be worn by the dark haired maiden if her skin is 'clear and glowing with color. Rubies are usually associated with the brunettes, but there are some golden-haired damsels who may risk this daring color.

THE BIG EVENT OF THE CURRENT SEASON.

BREAKS A COLD
IN A FEW HOURS

FIRST DOSE OF "PAPE'S COLD COMPOUND" RELIEVES ALL GRIPE MISERY.

Don't stay stuffed-up! Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken will end gripe misery and break up a severe cold either in the head, chest, body or limbs. It promptly opens clogged-up nostrils and air passages; stops nasty discharge of nose running; relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only 25 cents at drug stores. It acts without assistance, tastes nice, and causes no inconvenience. Don't accept a substitute.

Call up Automatic 1823—Order 1 can "Sunbeam" corn, costs 15 cts. Coprad's Grocery recommends it. 12-1-3-4-1

State Fair Circuit. President T. E. Adams and Secretary Frank Dudgeon of the Licking County Fair association have received invitations to attend a meeting of the officers of the Ohio Fair Circuit to be held at Marion early in the year 1916.

Will Sing Here. A splendid picture of Mrs. Maude Wentz MacDonald was printed this morning in the Ohio State Journal with the announcement that she would participate in the program of St. Vernon Commandery, Knights Templar, at Columbus this evening. Mrs. MacDonald is one of the Capital City's leading vocalists and will also participate in the musical program of the Elk memorial service at the Auditorium in this city next Sunday afternoon.

Young Democrat Arrives. Mr. and Mrs. Frank Muenz of 54 Union street are the parents of a handsome ten pound youngster which came to their home this morning and who the proud father says will make a good Democrat as soon as he is old enough to vote. Mr. Muenz is one of the foremen at the Wehrle works and received the congratulations of hundreds of his fellow employees today, a number of whom took a peep at the new arrival and declared that he greatly resembled his dad.

Cottage Prayer Meetings. The Union Cottage Prayer meeting will be held at the home of Mrs. Feeks on O'Bannon avenue, Friday evening at 7:30. Everybody invited.

DISCOLORED OR SPOTTY SKIN EASILY PEELLED OFF

The discoloring or roughening to which many skins are subject at this season, may readily be got rid of. Mercolized wax, spread lightly over the face before retiring and removed in the morning with soap and water, completely peels off the disfigured skin. Get an ounce of the wax at any drug store. There is no more effective way of banishing chaps, blotches, pimples, freckles or other cutaneous defects. Little skin particles come off each day, so the process itself doesn't even temporarily mar the complexion, and one soon acquires a brand new, spotless, genuinely beautiful face. Wrinkles caused by weather, worry or illness, are best treated by a simple solution of powdered salicylic, 1 oz. dissolved in 1/2 pint witch hazel. Bathing the face in this produces a truly marvelous transformation.

A Wonderful Antiseptic. Germs and infection aggravate ailments and retard healing. Stop that infection at once. Kill the germs and get rid of the poisons. For this purpose a single application of Sloan's Liniment not only kills the pain but destroys the germs. This neutralizes infection and gives nature assistance by overcoming congestion and gives a chance for the free and normal flow of the blood. Sloan's Liniment is an emergency doctor and should be kept constantly on hand. 25c., 50c. The \$1.00 size contains six times as much as the 25c.

TWO DOORS WEST OF SQUAREMUSICAL SHOW
IS BOOKED BY
MGR. ENGLISH

Everyone has heard of Herman Timberg's "School Days." For several seasons he and his jolly bunch of pretty girls and mischievous boys have been playing Keith time all over the country. The papers have been full of nice things about "School Days" and it always crowded the Keith theatres. Then Mr. Kimberg carried twelve people, now he carries forty.

The musical comedy has been booked by Manager Harry English of the Auditorium for Saturday matinee and night, Dec. 11. There are scores of pretty girls and graceful dancers and any number of late song hits. The show no doubt will pack the Auditorium at both performances as it has a reputation of being one of the best musical comedies on the road today.

Start Program at Five. On account of the memorial services of the Elk lodge at the Auditorium next Sunday afternoon the Sunday program of pictures will not start until five o'clock in the afternoon and will continue from that time until the closing of the evening program. The public is cordially extended an invitation to attend the memorial services.

Eagle Seat Sale. The seat sale for the Eagle minstrel opens tomorrow morning at 9:30 o'clock and there promises to be a big house for both nights of the minstrel, Monday and Tuesday, Dec. 6 and 7. Reservations should be made at the box office early and this will insure you a good seat.

Geo. "Pop" Sank and Steve Berrian, under whose direction the big production is being staged, are both comedians of ability and they have secured a company of fifty local people who have been training nightly for the big event. The show promises to be a "worker" and well worth double the price of admission.

Tonight's Attractions. Mazda—"An Enemy of Mankind"; "The Kidnapped Heiress" (Marguerite Courtot); Grand—"Dora Thorne" (with all-star cast). Alhambra—"The Melting Pot" (Walker Whiteside and Valentine Grant). Auditorium—"The Soul of Broadway" (Valeska Suratt).

Health and Happiness Depend Upon Your Liver. That sluggish liver with its sluggish flow of bile is what makes the world look so dark at times. Dr. King's New Life Pills go straight to the root of the difficulty by waking up the action of the liver and increasing the bile. Dr. King's New Life Pills cause the bowels to act more freely and drive away those "moody days." 25c. a bottle.

Granville

(Special to Advocate.)
Granville, Dec. 2.—The Women's Music club met on Wednesday afternoon, Dec. 1, at the home of Mrs. C. D. Coons in Broadway, and enjoyed one of the finest programs yet presented. This spacious home has been placed at the service of the club during the entire year, with two pianos, an upright and a Brumback Grand, for use. A glance at the year-book and a visit to the club furnish convincing proof that the women of the club, directed by an efficient program committee, are doing really notable work, and the enthusiasm shown by these clever musicians imparts to each succeeding performance the distinction of a real artist's recital. Mrs. Ullman, as president, shows great aptitude for the position and every thing promises well for a most successful year. Yesterday's program, as rendered in delightfully finished style, is given below.

Mrs. Karl Eschman, leader of the program, gave interesting current events and a brief resume of the work of each of the French composers on the program, introducing the performers to the audience:

Chaminade—Duet, two pianos. "Morning and Evening"—Fay Hulshizer and Ruth Rockwood.
Debussy—Vocal solo, "Mandoline." "Romance"—Mrs. J. W. Rohrer.
Massenet—Piano solos, "Elegie"; Pugno—"Summer Light," Miss Faye Hulshizer.
Debussy—Piano solos, "Reverie," "Jardin sous la pluie," Miss Leila C. Brown.
Debussy—"The Blessed Damsel," Mrs. Ullman's Chorus. (Soloists, Mrs. Theodore Johnson, soprano, Miss Blanche La Ferre, contralto.)

The "Question Box" by Mrs. Chas. B. White was a delightful feature of the afternoon.

During the social hour which followed, refreshments were served by Messrs. Ruth Rockwood, Eva Wright, and Faye Hulshizer. Guests of the afternoon were Mrs. D. C. Gilmore, Mrs. Paul Beteldt, Miss Charlotte Clark, Miss Grace Brooks, and Miss Estner Beers.

At the second historical lecture-recital given in Recital Hall last evening by Prof. Karl Eschman, director of the conservatory, Richard Wagner furnished the theme for a delightful and instructive hour, by this enthusiastic and thorough musician, himself a pianist of brilliant and finished technique.

Mr. Eschman gave a brief biography of Wagner discussing what conception the startling revelations as to his inner character, which Wagner himself avows in his autobiography (until recently withheld by his relatives) might have with merits as a composer.

Then Mr. Eschman endeavored to show the development of Wagner's operatic style by playing in succession the overtures to some of his operas, which, as he explained, were the operas in miniature. Some consideration of the whole question of the legitimacy of the opera as an art-form and the improvements affected by Wagner followed.

The program ended with a number of records from Wagner's later operas. The following were the musical numbers:

Tannhauser—Overture.
Lohengrin—Prelude.
Tristan and Isolde—Prelude, Liebestod.
Siegfried—Mimi's scene, Act I. Heartbreaking Bondage, duet, Alberich and Mimi, Act II. Walkure, Wotan's Farewell, Act III.
Dr. Shailer Mathews, dean of the Divinity school of the University of Chicago, who he in Granville over Sunday, December 5, and will speak at both the morning and evening services at the Baptist church. Dr. Mathews is president of the Northern Baptist convention, and also president of Federal Council of the Churches of Christ in America. He is one of the most popular speakers and lecturers on the American platform. He has recently returned from a most important mission to Japan as a representative of the Federated churches. It is expected that in the evening he will speak on this visit and on the relations between Japan and America. The other churches have been invited to join with the Baptists in the evening service. This is an unusual opportunity for Granville and every one in the community ought to avail themselves of the opportunity of hearing Dr. Mathews at one of the services.

At the meeting of Altamaha lodge No. 296, K. of P., the annual election of officers resulted as follows: C. C. Howard Kellar; V. C. Roy Norpell; Prel. Dwight Sanford; M. A. Allen Wright; I. G. Earl Cheshire; O. G. Charles Williams; M. W. H. Hutchins; M. E. Cleveland Bolt; M. L. Ed. Evans. The Knight's Rank was put on in due form and following this a banquet was served in the dining room. At the next meeting, four candidates will receive the Page rank.

The King's Daughters rooms in Linden Flats are being transformed into bowers of beauty by willing workers in preparation for the annual bazaar which opens Friday, and which every woman in Granville patronizes in some way, at some time, during the day or evening. The bazaar opens at 2 p. m. Friday and continues through the evening.

BIGELOW COUNCIL, ELECTIONS OFFICERS.
At the regular meeting of Bigelow Council, No. 7, R. and S. M. held Wednesday evening, the Royal and Select Master was conferred on one candidate and the following officers were elected for the ensuing year:
T. I. M.—Comp. M. R. Montgomery.
D. I. M.—Comp. Cliff Hawkins.
